Our Number: DL/200752-A

Date: July 3rd, 2020

**To: All Aircraft Operators
 Operating into Aruba from
 the USA**

Ref.: Re-opening for flights to the USA

Dear Operator,

Referring to our letter DL/200752 dated 12 June 2020, you are hereby advised as follows.

As you are aware, during the last few weeks the USA has experienced a change in the COVID-19 situation. Due to this, it is imperative to protocols based on risk assessment. In line herewith, the online embarkation/ disembarkation process has been adjusted.

As of 10 July 2020, Aruba will still be welcoming visitors from the USA, as stated in the above referenced letter. The following shall apply:

A. Visitors from the following States are required to perform a COVID-19 PCR test (and upload the negative results) within the 72 to 12 hour timeframe before departure:

Alabama	Georgia	Nevada	South Dakota
Arizona	Idaho	North Carolina	Tennessee
Arkansas	Iowa	Ohio	Texas
California	Kansas	Oklahoma	Utah
Colorado	Louisiana	Oregon	Wisconsin
Florida	Mississippi	South Carolina	Wyoming

B. Residents from Aruba and US visitors from States not mentioned above, have the choice to perform a COVID-19 PCR test (and upload the negative results) within the 72 to 12 hour timeframe before departure, or to perform this test upon arrival in Aruba at their own expense.

We recognize this causes an extra step for those planning to travel, and we realize that not everyone will be able to have access to this test in their state, or within the prescribed timeframe. We are continually assessing a variety of risks and protections to ensure our safeguards and protocols meet the highest standard. Creating a safe environment for our residents and guests is of the utmost importance to us.

Passengers can be referred to www.aruba.com and www.edcardaruba.aw for more information. All other information previously provided remains the same. We hope to have informed you accordingly and we are available to assist in case you have questions concerning the above.

Sincerely,

ing. Edwin F. Kelly, MBA
